

PROFILE OF AL ARABIA AUTO SERVICES

Member of Arabia Holdings Limited.

Introduction:

Al Arabia Auto Services was established in August 2006 with the sole purpose to provide professional and quality Maintenance and Services to the fleet of Arabia Taxi.

Al Arabia Auto Services is a Professional Automotive Service Establishment, operating under the umbrella of Arabia Holdings Limited and employs some of the most experienced and skilled personnel available in the region.

Our strong workforce comprises of self motivated Automotive / Mechanical Engineers, Administrative staff, Experienced Technical Quality Controllers and Road Testers, Trained and Skilled Technicians, Electricians, Denters and Painters.

Our Staff and Technicians regularly participate and undergo trainings imparted at Dealerships and Major Vendors. This results in self sufficiency and appropriate approach towards jobs undertaken and reduced down times.

Our workshop is fully-fledged and well equipped to cater to all aspects of automotive maintenance and repairs, to ensure efficient and quality repairs.

All services carried out are in-line with the directives of the Manufacturers and to suit taxi operational requirements in the UAE.

We operate round the clock, extending our services and support to Arabia Taxi to ensure maximum utilization and conformance to the RTA's requirements. In addition to the above, we are duty-bound to ensure vehicles are Up Time All The Time and we believe in the philosophy of Right First Time Diagnosis and Repairs.

Our Services:

We are competent in catering the following services to all leading brand of vehicles, preferred for Taxi Operations across the UAE:

- Preventive Maintenance Services.
- Mechanical Maintenance and Repair Services.
- Electrical System Repair Services.
- Electronic Diagnosis Services.
- Air Conditioning Services.
- Engine Overhaul Services.
- Transmission Overhaul Services.
- Major Accident Frame Repair Services.
- Body Denting Services.
- Body Painting Services.
- Tyre and Wheel Services.

Our Work Schedules:

We operate round the clock in order to ensure the fleet of Arabia Taxi is at Maximum Utilization. Aspects of Major Mechanical, Electrical, Body Repairs, tyre services and Emergencies are generally carried out during the day. Routine services and emergencies are catered during the night. This schedule facilitates better vehicle utilization and faster throughput.

Schedule of Preventive Maintenance:

- Routine Preventive Maintenances – Every 10,000km.
- Major Preventive Maintenances – Every 40,000km.
